

ACCOUNTS RECEIVABLE MANAGEMENT

With Consumer-Driven Healthcare now upon the medical industry, Accounts Receivable Management will be one of many crucial factors for physician practices to thrive.

The following Accounts Receivable Management (Collection) Agency can help keep the life-blood (cash) pumping into your organization.

American Accounts & Advisers, Inc. (AAA) began delivering comprehensive collection management solutions in 1986. From the early years through today, clients place their trust and confidence in their traditional and innovative services. In response, AAA consistently achieves higher collection recovery at less cost for their clients. And that's guaranteed!

Clients value AAA's collection philosophies, techniques, and options-based collection approach. AAA employs medical collectors with advanced collection experience which expedites account resolution and cash flow.
